बयान ए एहसास

उगते सूरज के साथ दौर में निकल भाग एक परिंदा है,
कोई हाल ना पूछता क्या वो जिंदा है,
भीड़ में खो गया हर रोज खुद को बेच कर वो मरता है,
दिल से अपने पूछ, क्या है वो चीज़ जिसे वो डरता है।

दर बदर की ठोकरे खाके खुदको ढूँढता ये बंजारा,
ना मिलने पर ज़माना से छुपकर रोता हार कर यह थकहारा,
दुश्मन उसका वो खुद ही है खुद से ही लड़ता रहता है,
तानो के बीच ढूँढे अपने को जो पूछे “क्यों दर्द तू सहता रहता है”

समाज के नियम के बेड़ियों में जकड़ा हुआ है
तेजी सी इस दुनिया में खुद को संयम से पकड़ा हुआ है
माँ की याद आने पर किसी को वो बोलता नहीं,
माँ ने बोला इसली दुखी होने पर वी शराब की बोतल खुलता नहीं।

ये दुनिया बहुत दोगली है बोलती की उड़ो खोल कर अपने पंखो को,
फिर वही पंख काट दिये जब महसूस में इंद्रधनुष के रंगों को
अब डरा हुआ वह, सहमत हुआ वह, खुद की पहचान उसे बनानी है,
मरने को जी करता है, उसे पहले अपनी कहानी सुनानी है।

अब अपने खातिर लिखना चाहता है वो,
कोइलों के बीच हीरा बनकर चमकना चाहता है वो।
दुनिया करती खून उसके सपने और मुरादो को
पर न ख़तम कर पाए पत्थर से इरादे को।

सब छोड़ने का मन करता फिर याद आता वो माँ -बाप की वो आशा है,
सब कुछ पाकर हारना यही जीवन की परिवाशा है,
दुर्गम वनों में संघर्ष से अब उसने स्वयं को तराशा है,
ऐ मुसाफिर खुद की कहानी खुद लिख ये जिंदगी बस एक तमाशा है।

- आदित्य झा
CSE - 2027

टिम-टी-माटी रातों का एक सुंदर सा फ़साना है,
चौदनी रात है, तुम्हें जल्दी नहीं जाना है।
बैठे रहे हम रात भर, बातों में वक़्त पर ग़ौर न हो,
हम दोनों के बस हम ही हों, दुनिया में कोई और न हो।

तुम मेरी आँखों में डूबो, मैं देख तुम्हें मुस्काऊँ फिर,
लेकर आओ कोई आईना, तुम्हें खूबसूरती दिखाऊँ फिर।
हाथ बढ़ाओ जब अपना तुम, उस हाथ को थाम लूँ मैं,
और अपनी खुशकिस्मती पर थोड़ा वक़्त लगाकर मानूँ मैं।

तुम पन्ना पलटो डायरी का, और हर्ष-हर्ष उसे पढ़ डालो,
मेरे दिल के तख़्ती पर, अपने इशक़ को लिख डालो।
मैं बन जाऊँ शायर कोई, तुम्हारी शान में एक शेर कहूँ,
एक भारी भरकम लफ़्ज़ कहूँ, फिर खोज में देर करूँ।

तुम नज़रें चुराकर मुझसे, हंस दो मेरी नादानी पर,
मैं मुँह फुलाकर रुठ जाऊँ, तुम मनाओ मेरी मनमानी पर।
मैं खोजूँ अपना बस्ता फिर, उसमें से कुछ निकालूँ मैं,
गुलाब के एक लाल फूल, तेरे बालों में डालूँ मैं।

तुम हंसी हो धीरे से तभी, और लग जाती हो गले मेरे,
मैं देखूँ आसमान की तरफ़, कुछ कर्म थे भले मेरे।
मैं बालों को सहला दूँ, तुम मुझको जाने न दो,
आज तो वक़्त बहुत है, याद तुम बहाने न दो।

- आशुतोष कुमार झा
DSAI - 2027

फर्क पड़ता है

मुस्कान देख तुम्हारी, मन की गौरैया चहचहाती है
पास बैठ जो जाओ तुम, वो कोयल से राग मिलाती है
हाथ थाम लो जो तुम मेरा, वो मोर सी नाच जाती है
स्नेह है तुम्हें भी मुझसे, यह सुन वो पागल बन मंडराती है

तेरे साथ के यह पल हमेशा हसीन होते हैं
इस बेरंग जिन्दगी में यह लम्हे रंगीन होते हैं
तेरे साथ मस्ती-मजाक मुझे मन मोहक लगती है
तू साथ हो तो गम के अंधेरों में भी रौनक लगती है
मैं तुझे अपनी हर परेशानी का हल मान लेता हूँ
निभाऊंगा साथ तेरा, यह विश्वास ठान लेता है
मेरे जज्बातों का हर सूरज तेरी शाम को ढलता है
तेरी जिन्दगी के हर किस्से से मुझे फर्क पड़ता है

फिर उम्मीदों का एक समंदर ऊँची उछाल कर जाता है
दिल में बैठी तस्सली को बेहाल कर जाता है
उम्मीदें, क्या होती है उम्मीदें ?
जो किसी अजनबी को खास बनाए वो उम्मीदें
जो किसी खास को दिल में समाये वो उम्मीदें
जो अपनों से अपनेपन का अहसास करवाएं वो उम्मीदें
लेकिन जब यहीं उम्मीदें हृद पार हो जाती है
क्या सही क्या गलत सब एक समान हो जाती है
तब दोस्त में दुश्मन दिखाता है वादों से धोखा मिलता है
हर साथ में साजिश खिलती है
मन शांत नहीं फिर टिकला है
न जाने क्यों तुझसे, कुछ ऐसी ही उम्मीद कर बैठा
तू सिर्फ मेरा है, यह मान बेवकूफी कर बैठा

तुम यार हो मेरे, आनंद-विनोद के जीवन का सार हो मेरे
सब कुछ पीछे छोड़ दूंगा, बस रहने को साथ तेरे
वो घाव कोई खंजर न देगा जो तेरे आंसू देते हैं
वो दर्द नहीं वो आंसू देंगे जो तेरी दगा की मुस्कान देती है
काटों सी चुभन हुई, दिल का बाँध टूटा, आँसुओ का सैलाभ उठा
एक विकल्प मात्र हूँ तेरे लिए, इस बात का जब अहसास हुआ
कहीं दूर न हो जाऊँ तुझसे इस ख्याल से मन डरता है
जब आप आपसे पहले के लिए हमेशा दूसरे हो, तब फरक पड़ता है।

मैं गलत न तुझको कहता हूँ
हर दूर होने की कोशिश तेरी सहता हूँ
गलती है मेरी जो तुझसे उम्मीदे बाँध ली थी हज़ार
लेकिन सच्चा यार तुझी को कहता हूँ

यह खामोशी मेरी नाखुशी नहीं है
जो तू सफलता के उस शिखर से मुझे में देख रहा है
वो घबराहट है इस बात की
कि कहीं तू भूल न जाए की ज़मीन पर खड़ा तेरा एक
दोस्त
अभी भी तेरी ओर देख रहा है

तू दोस्त बनाले हज़ार मगर,
तेरी यारी पर मैं सिर्फ अपना हक जताऊंगा
मिल जाए मुझसे भी कोई खास अगर
तो भूलना मत, तेरी मुश्किल घड़ी में भागकर सबसे
पहले आऊंगा

पता नहीं इसे क्या नाम दूँ
यह प्रेम, लोभ या मोह
या डर है मेरा की तन्हाई की इस सर्द में
तेरी दोस्ती की गर्माहट न खो दें
फर्क पड़ता है, जब तुझे फर्क न पड़े
फर्क पड़ता है, फर्क पड़ता है।

-स्मित मौर्य CSE - 2026

कुछ शब्द

कुछ शब्दों से ख्वाब जाग जाते हैं,
अपनों से कई जज्बात जुड़ जाते हैं।
जब शब्द हो प्यार के, किसी के
ख्याल के तब ख्वाबों में भी उनके ख्याल आते हैं।

उन शब्दों के बहकावे में आकर, जज्बातों की भीषण दरिया में,
हम आशिकी की नाव लेकर कुछ इस कदर कूद पड़े
कि अनकही चाहत के भंवर में कब उलझे
पता ही नहीं।

वे शब्द हमारे मन में हलचल बढ़ा रहे थे।
सदियों से सोये सुकून और चैन को जगा रहे थे।
फिर दिल से जज्बातों का उठा एक बवंडर
पुरानी बसी तन्हाई की यादों को उखाड़ रहा था,
रुह की बंजर सरज़मीन पर उनके ख्यालों की यादे बसा रहा था।
हम जज्बातों की दरिया में गोते लगा रहे थे
और हमारी पीठ पीछे, हमारी चाहत की नाव कोई और चला रहा था।

फिर कुछ शब्द सुने इतेफाक से
जिन में प्रेम की मधु भिनभिना रही थी उन कान से
गलतफहमी का चश्मा आँख पर से टूट गया
दिल में बसी खुशी और उत्साह कोई लूट गया।

जज्बातों का नाचता वह बवंडर थम गया
रुह की सरज़मीन दोबारा बंजर हो गयी।
हमें जज्बातों की दरिया में, दगा की लहरों ने
कठोर सच्चाई के किनारे पर लाकर फेंक दिया।

कुछ शब्दों से ख्वाब जग जाते हैं
कुछ शब्द ख्वाबों से जगा देते हैं।
अपनों से कई जज्बात जुड़ जाते हैं
न जाने क्यों, वे सभी ख्याल उड़ जाते हैं।

-स्मित मौर्य CSE - 2026

कश्मकश ए मोहब्बत
बैठी मेरे करीब, तेरी सांसों का हुआ एहसास,
पर दिल में छुपी थी एक कश्मकश का अधियारा ख़ास।
क्या ये ख्वाब है जो खुद से हकीकत मांगता है,

या एक मोहरा हूँ, जो तकदीर का हराना चाहता है?
तेरे करीब आके भी, दूरियों का एहसास क्यों है?
दिल तेरे बिना अधूरा, फिर ये उलझन का पैगाम क्यों है?
जब देखता हूँ तुझे, तो सब कुछ ठीक लगता है,

पर अकेला हूँ तो दिल ये सवाल करता है:
क्या तू भी चाहती है वही, जो मेरी हर सांस मांगती है?
या ये सिर्फ एकतरफ़ा दास्ताँ है, जो सिर्फ मुझे समझती है?
तेरी खामोशी है एक किताब, पर हर अल्फ़ाज़ अंजाना है,

दिल पढ़ता है तुझे, तेरी हर धड़कन का दीवाना है।
मैं सोचता हूँ, तो दिल के कोने से एक आवाज़ आती है,
“छोड़ दे मोहब्बत के जज्बात, जो तुझे ऊलाटी है।
पर फिर एक पल में, तेरी एक नज़र से सब बदल जाता है,

जो ये कश्मकश है, वो मोहब्बत में घुल जाता है।
मैं चाहता हूँ तेरे दिल का एक इशारा, बस एक बार,
सोचकर कि ख़त्म करेगी, पीछे हट जाता हर बार।
काश मैं समझ सकूँ तेरी खामोश निगाहों की बात,

काश ये कश्मकश बन जाए सिर्फ एक हसीन मुलाक़ात।
दिल चाहे तेरा साथ, मगर ख़ौफ़ है हार का,
फिर भी, तेरे बिना ज़िंदगी लगती है बेकार सा।
तो छोड़ता हूँ फ़ैसला तेरे हाथों में आखिर,
मुझसे मेरी उलझन के अफसाने का अब अंतिम शब्द लिख।

- आदित्य झा

मित्र:
ये कोरे से कागज़ बस इस उम्मीद से भरता हूँ कि,
आँखें तो भरी हैं मेरी,
शायद घाव भी भर जाएं।
मैं:
भर कर कोरे कागज़ भी क्या राम को भुला पाओगे...
घाव भर जाएंगे, लेकिन क्या उन्हें भूल पाओगे??
मेरा मित्र:
वाह वाह
कोरे कागज़ को क्या फ़िक्र किसी की, अब तो लहू से बातें करते हैं।
भूल पाएँ न भूल पाएँ, ख़्वाहिश थी, ऐसे ही थोड़ी ख़त्म करते हैं।
मैं:
अपनी इस मनोदशा को ज़रा बदलना सीखो न,
ख़्वाहिशों के भंवर से बाहर आकर दुनिया की रौनक देखो न।
ख़्वाबों में तो डूबे रहकर बड़े सिकंदर ढेर हुए,
इश्क़ की इस फ़नकारी में

न जाने कितने दिल चकनाचूर हुए।
और रही बात आशिकी की तो खुद से प्रेम निभाओ जी,
जुट कर वापस इस दुनिया से सबसे प्रेम निभाओ जी।
लहू की गंगा चारों ओर जो बह रही है ज़माने में,

कुछ तो तुम भी जोर लगाओ उनके जड़ को मिटाने में।
और जवान लोग शोक न मानते किसी आशिक के जाने का,
आना-जाना लगा रहेगा, यही नियम है ज़माने का।
बानों की प्रचंडता चढ़ा कर गगन का लक्ष्य साधो जी,

और गगनचुम्बी उस लक्ष्य को पाकर तुम सूरमा खेलाओ जी।
यौवन के अमृत समय को व्यर्थ शोक में बिताओ ना,
अंदर की आंधियों से लड़ कर खुद से खुद को तोड़ो न।
भुखमरी की हाहाकार अब चारों ओर भयावह है,
सेवा और धर्म की राह पर चल प्रभु से तुझसे यही चाहा है।

- बम बम हर्ष चौधरी

The Disguised Soul

Beside the restless sea where the waves unfold....
A soul stands burdened with tales of sorrow told....
Cascading of the tears synchronise the Ocean's silent plea....
Symphony of despair and soul's decree...
Contemplation he does in the abyss of darkness...
Escaping with silence where anguish abates...
Sudden was the happentance that death could not ace...
Sudden was the presence of an ethereal embrace..
A figure emerges, a ghostly grace...
Whispered the solace, a tone from within...
Guided him away from despair's cruel din...
"Facing the storms within will make the courage swell..
In the ebb and flow of time, find strength to quell
Regrets as shadows but dawn breaks true..
Make your failures the chances to renew....
As understanding dawns, he wipes his tears..
So sudden was the metamorphosis that dispelled his fears...
As quickly as the figure appeared...
The saviour dissolves and the message revered..
The moment which took place of soulful communication...
He realized the truth of internal reunion...
The guide and the saviour in himself resides...
A disguised spot of heart where hope abides...

-ASHUTOSH KUMAR JHA
DSAI - 2027

His maiden's voice, not quite so right,
guttered by her shrill device,
so, he sent his men, to the evergreen grove,
to fetch the songbird's larynx in tow,

His maiden's pace, lost of grace,
sullied by her brooding state,
so, he sent his men, to heaven and hell,
to fetch the yarns of the fates themselves,

His maiden's mead, not quite so sweet,
bittered by her bleaching creed,
so, he sent his men, down the den,
to fetch the casks of fine red gems,

My pretty maiden he sighed at last,
her form disfigured by countless cracks,
as he advanced his stride in admiring virtue,
down came the velveteen curfew,

His maiden's eyes were those of ice,
their steely gaze, held in place,
bow and arrow notched at point,
the last of his maiden, a phantom in time...

-Kanika Shrivastava
ME-2028

DID YOU KNOW!!!

- 1) Ernest Hemingway is often credited with writing a six-word short story: "For sale: baby shoes, never worn."
- 2) "Gadsby" by Ernest Vincent Wright is a 50,000+ word novel that doesn't contain the letter 'e.'
- 3) J.R.R. Tolkien wrote "The Hobbit" as a children's book, but it became a prelude to his more complex "The Lord of the Rings" trilogy. The book was inspired by various mythologies and written for his children.
- 4) Vladimir Nabokov's "Lolita" was controversial for depicting a relationship between an older man and a young girl. Despite its contentious subject matter, the novel is often hailed as one of the greatest literary works of the 20th century.
- 5) British Author Charles Dickens's House Had A Secret Door In The form Of A Fake Bookcase. The fake books included titles such as 'The Life of a Cat' in 9 volumes.

I close my doors to you
Yet the knocks persist
When I open them
All I find is silence
You, standing there
A zip on your lips
Embracing my pain
Is that what makes you happy?
Does my suffering
Keeps you from feeling alone?...
Do you ever pause to see me
The way I drown each night
In an ocean of tears
Fighting battles you refuse to see
While you expect me
To fight yours instead
How is this fair?
Where one flower blossoms,
While the other fades...
You keep me addicted
Feeding me short doses of love
Watching as I suffer
Begging between the highs...

The spark may be bright
But is transient
The spark dies
No matter how warmth,
I provide
But It will never outshine
the shadow it leaves behind...
I hold my hands out
For the little warmth you offer
With the little hope
That this fragile love dwells
And yet here I remain
In this hollow quiet
Searching for light in darkness

-DIVIJ SHARMA

Those hollow knocks

This new pack that I bought today,
It's scent entices my heart
The feeling of new ideas rush to my mind,
Those blank spaces tinkle my mind....
Taking out my sacred stationary,
I treat that small canvas, like it means the world to me
Different hues of my life,
Spilled in that small space, of five by five...
Gazing too closely, everything else fades.
Is it the moment that it gets separated
I pull it out, stick it on the wall,
But it falls down, like the leaves in an autumn's fall...
I pick it up, stick it on my computer
But to no surprise, it slips deeper.
Deep into the endless void,
Revisiting those dark caves.
I realize what I had left before,
Those feelings that I had once felt before....
Left a mark on my screen,
Yet it wasn't strong enough to stick to the green.
Just like that scar to my heart,
It was deep, but not deep enough to break it apart....

T

he glue wasn't strong enough,
All the places I tried to put it, but it never held through.
Reminding me, of the people I put in my life,
But the bond is never strong enough to make it through....
I decorated that screen like it was all I had to dye.
Yet the disappointment it gave me, When it found no place in my hive.
Maybe we spend too much time painting, a life that we desire.
Never realizing that the glue behind it, dries we complete our desires....
It has happened too many times now,
The paper doesn't stick on my dry walls.
Maybe it's time we change the game,
Stick the paper before we begin to paint.
Let's not let the glue dry out, but let the colors seep through.
Maybe this time the sticky note, will make it through.

-Divij Sharma
EE-2028

The Girl in Blue

The girl in blue caught my eye,
And lifted me up to the open sky.
She broke my sleep, made me awake,
And left me wondering for her sake.

She came to me like a gentle light,
Filling my heart and making things right.
Her smile was soft, her voice so sweet,
A moment with her felt like a treat.

She looked like the ocean, vast and deep,
A place of secrets I couldn't keep.
Her beauty was calm, like a quiet wave,
Yet her depth was something I couldn't brave.

I stand on the shore, afraid to go,
The world she holds, I'll never know.
I'm not ready to take the dive,
To feel her world and come alive.

But still she stays, her gaze so true,
The girl who came dressed in blue.

-Bam Bam Harsh Choudhary
-MSME 2028

Perfect Blue

Perfect Blue isn't Satoshi Kon's first attempt at blurring the lines between reality and fiction, as evident in the paranoia ridden world of 'Paprika' and the perplexing plot of 'Millennium Actress'. Although Kon's life ceases to be, the works that originated from his incredible mind have stood the test of time.

Hitting the big screens in 1997, the film was a sensational release. With the thematic storytelling and astounding animation, *Perfect Blue* remains relevant to this very day; I would argue even more so, considering the digital age and rise of technology.

Perfect Blue is a movie well ahead of its time. It aims to ask question such as: What happens when you lose your identity? When your avatar-- viz, the version of you that exists purely in the mind of others-- becomes you?

The protagonist, Mima, a former pop idol turned actress, finds herself at the center of this very crisis. Her struggle to reconcile her public persona with her true self plunges the audience into a psychological labyrinth, where it becomes increasingly difficult to distinguish between Mima's reality and the distorted perceptions of those around her. Kon masterfully uses this disorientation to mirror the pressures we face in an ever-connected world, where the lines between private life and public image constantly overlap.

Beyond this unconventional aspect, *Perfect Blue* offers a timeless commentary on the commodification of identity-- particularly of women in the entertainment industry. Mima's battle for autonomy against her Producer and Manager is as resonant now, in an age of social media, as it was in the late 90s.

In the end, *Perfect Blue* is not just a film about losing oneself, but also a chilling reminder of how society shapes and manipulates our identities, forcing us into our own, fractured realities.

Meraz 5.0: Uniting Technology, Culture, and Creativity at IIT Bhilai

Meraz 5.0, the flagship techno-cultural festival of the Indian Institute of Technology Bhilai, is a grand celebration that bridges the gap between innovation and artistry and is renowned as one of the largest fests of its kind in Central India.

From showcasing technical marvels to celebrating cultural diversity and unimaginable Pronites, Meraz 5.0 aspires to foster connections that go beyond the boundaries of the IIT campus. It's a melting pot of ideas, cultures, and skills where participants can learn, grow, and leave with colourful memories.

Theme of Meraz 5.0

This year's theme for Meraz was "A celestial symmetry". Just like the cosmos unravels itself under perfect symmetry, this year innovation and creativity unravelled itself in the ideal symmetry at various events in Meraz.

With its diverse range of events, Meraz 5.0 provided a stage for students of IIT Bhilai and other Institutes to showcase their skills and passions.

Cultural Extravaganza

Amidst the rigorous academic atmosphere of the IIT campus, Meraz breathes life into the community, weaving together a vibrant tapestry of tradition and modernity. From soulful music and electrifying dance performances to thought-provoking theatre and dazzling fashion shows, the cultural events at Meraz celebrate the boundless talent and spirit of its participants.

The fest's Battle of the Bands gets hearts racing with its raw, unfiltered music, while Nukkad Nataks resonate with powerful social and cultural themes, captivating audiences through heartfelt storytelling. The glamour reaches its peak with the dazzling Attire Spectra, where participants showcase their innovative designs and impeccable flair for fashion.

Artistic souls find their poetic expression in Abhivayakti, while creative minds revel in humor and satire during Meme-O-Rama. The Model United Nations offers a platform for budding diplomats to debate and share perspectives on pressing global issues.

Melodic tunes from the singing competitions set a soulful tone, while Cine Meraz becomes a haven for cinephiles to exhibit their cinematic creativity and storytelling powers.

Techno Adventures

The Techno Events at MERAZ offer a glimpse into the future of technology, engineering, puzzles, and digital creativity. These events are showcased through contests that challenge intelligence and push the bounds of possibility. Designed not merely to highlight technical brilliance, they also ignite curiosity, encourage cooperation, and inspire innovation.

One of the most exciting competitions is Robo Kabaddi, which blends robotics with the traditional sport of Kabaddi. In this event, participants design and program robots to engage in battles of strategy, agility, and strength.

Aerochase by Epsilon takes things to new heights. In this drone racing competition, participants build and program their drones to navigate an extensive obstacle course. It challenges them to find the perfect balance between speed, precision, and control. Aerochase is a thrilling fusion of engineering expertise and adrenaline-fueled excitement.

Honoring the theme of Meraz 5.0, "A Celestial Symmetry," a journey to the stars was essential. The Planetarium Show offers participants a breathtaking trip through space, showcasing the wonders of the universe with a visually stunning presentation that brings the cosmos to their fingertips.

Honoring the theme of Meraz 5.0, "A Celestial Symmetry," a journey to the stars was essential. The Planetarium Show offers participants a breathtaking trip through space, showcasing the wonders of the universe with a visually stunning presentation that brings the cosmos to their fingertips.

The AI Hackathon is the crown jewel for tech enthusiasts eager to test their programming and problem-solving skills in the field of artificial intelligence. Participants are tasked with solving real-world challenges using cutting-edge AI technologies.

Cipher Quest is not just about cracking hidden messages and cryptographic puzzles—it also tests intelligence and creativity, challenging participants to devise innovative solutions under pressure.

Lastly, Pitch Block brings together entrepreneurs and innovators to present their ideas to a panel of experts. This event provides a platform to showcase entrepreneurial spirit, pitch startup ideas, and receive valuable feedback from industry leaders and mentors.

Cipher Quest is not only about cracking hidden messages and cryptographic puzzles but it is also about checking your intelligence and creativity skills to think out of the box solutions and succeed when things get tough. Pitch Block brings together entrepreneurs and aspiring innovators for a chance to present their ideas to a panel of experts. This event is a platform for participants to showcase their entrepreneurial spirit, pitch their start-up ideas, and receive valuable feedback from industry leaders and mentors.

Varchasa: The sports of Meraz

Varchasa isn't just about sports—it's about the passion, determination, and unbreakable spirit that drives athletes to greatness. Basketball and football tournaments were electrified with high-voltage games of skill, strategy, and teamwork. From slam dunks to dramatic penalty shootouts, the audience was captivated. Witnessing the healthy sportsmanship of the youth was an incredible experience.

The Most Awaited: PRONITES !!!

We were greatly honoured to host Miss World Thailand (2022), Manpreet Kaur Oshan, prior to the main event. She served as the judge for Attire Spectra, a platform where innovation and style seamlessly coexist with modernity and tradition.

More than just a concert, the Pronites at Meraz transformed the campus into a vibrant hub where students and faculty came together to celebrate energy, culture, and music. This year, Bollywood superstars Dev Negi and Amit Mishra headlined the Pronites. Renowned for their powerful vocals and dynamic performances, they delivered an unforgettable experience.

At Meraz 5.0, this celestial symmetry was not merely a concept.

This year Meraz's theme was a guiding philosophy that influenced every event and activity. Every event at Meraz wasn't just a competition but an experience that unveiled a fusion of thoughtfulness and creativity, reflecting the celestial symmetry that spreads across the cosmos. Students from IIT Bhilai, alongside participants from various institutions, discovered a platform to showcase their individual talents in ways that felt both original and true to life, pushing the limits of their fields while remaining anchored in the essential tenets of symmetry and harmony. Meraz this year unfolded with a sense of universal order. Like the stars in the night sky. Each participant's input contributed to the larger picture, forming a beautifully coordinated entirety. The events each unique in its presentation, were bound together by the celestial symmetry — a tribute to how ideas and imagination can blend into something far more significant than the sum of its components.

-Divij Sharma

Professor Duchtman

Professor Duchtman – the potions master – was a chill guy, but was very serious when it came to homework. He wouldn't take a chill pill for that, and he used to call out and scold the children who didn't do that.

This time, Keyonie didn't do her homework, because she was going through her family problems. But Duchtman brutally shamed her, and sent her out of the class.

The next class was of History, and when the Teacher Miss Hubert came, she couldn't believe her most favourite kid – Keyonnie – to be crying that hard.

When Keyonnie explained her situation to the teacher, she grinned, trying to calm her down,

"You are lucky Keyonie that your Potions master is him and not Snape," she smiled at her, "He might have given you pain today but he is such a lenient teacher most of the time!"

Keyonnie smiled, wiping her tears.

"His teaching method is so amazing, isn't it?"

"Yes ma'am"

"Read Harry Potter? Imagine how he lived his school life with that teacher! He used to give way harder punishments to Harry and his friends than just having a walk outside the room."

Keyonnie grinned, "Yes ma'am!"

"If Snape was our professor, he wouldn't last a class, since that 400 pound obese gafoon would have sit over that senile face, and send him off to Miamour and his team of angels to prepare him for his afterlife" joked Myrex, and the entire class bursted with a hearty guffaw!

"Are you being serious right now!" Miamour asked. Just an FYI to the class – I am NOT 400 pounds!" Valshik yelled, "I am 250 pound – You little Girl slave!" he shouted, and the entire class bursted with laughter again. Even the teacher could not help herself laughing.

"I can't believe this joke of a conversation is happening inside my class," said the teacher with one small tear of laughter in her eye.

"You just admitted you are fat, you clown!" laughed Myrex.

"I will literally tear you apart in our next dual body fight," attacked Valshik, "If you can trash me, I will trash you and your body!"

"And I will literally tear you apart in this History quiz, you obese donut!" Dunkel set an ultimatum.

"Don't forget about Miamour!" he proudly said, "I am the topper of the class."

"How about that – If Miamour answers most of the questions in this quiz, You and Valshik will call him daddy," George suggested to Dunkel, "If You answers the most, Miamour and Valshik will call you daddy, and same with donald! How about that?"

Everybody laughed.

"Come on George," asked the teacher, "is this the ultimatum we are going to set?" she felt disgusted, "We are getting our first History quiz. Why can't we have a civilized ultimatum in this special day?"

"You give us one, then?" Asked Oyunna.

The entire class got silent.

"Mmmm..." ma'am was wondering, "Cadbury has just released a 5-star toffee, and I am sur-"
"SERIOUSLY! A TOFFEE!" yelled Dunkel.

"Mmmm... Lemme think of something else..." she started wondering again,

"How about the loser giving an assignment of the conquests of Mongol Empire?"

"Nobody in hell gives a damn about the Mongols!"

Miamour strongly trashed the idea.

"OKAY! How about the two losers standing like a chicken in front of the class?!"

"I was called an obese gafoon by the nastiest person possible!" He blurted out, "All the hardwork just to see him as a chicken?!"

"YOU KNOW WHAT? FINE!" she gave up, "I am holding a quiz. You three form your groups. And go upon with your senile ultimatum."

The entire serious situation of a sensitive girl crying about her punishment becoming an open-eyed quiz show was a total farce.
